ALTUMPRO CCT

Robust, durable wattage selectable highbays

The AltumPRO Highbay range features a durable die-cast aluminum housing, built to withstand the toughest conditions with an IK08 rating. Equipped with high-performance LED chips. It offers 3 selectable wattage outputs easily adjustable with a switch and a maximum lumen output of up to 32,000 lumens at 160 lm/w. Each fitting includes a minor adjustment feature, enabling you to fine-tune settings between the three main wattages. Additionally, it has a tri-color switch with 4000K, 5000K, and 6000K options, delivering natural, bright light that enhances productivity and efficiency. The range is complemented by a comprehensive selection of accessories and a plug-and-play microwave sensor, making it the ultimate solution for all your commercial and industrial lighting needs.
