

## STRATUS BACKLIT PANEL RANGE

The Stratus range of backlit LED panels offers superior light distribution and proven reliability. White painted steel body, backlit LED module with high efficiency optical design and opal diffuser suitable for use in 15 or 24mm standard exposed grid ceilings. The range comprises of Eco and Pro versions, including high lumen output, CCT and IP44 versions. Range of accessories available, see page 59.

### FAST FIX DRIVER

loop-in loop-out  
integrated driver

Included with  
the Status Pro,  
UGR19 and CCT  
and high lumen

PMMA optic lenses with high  
light transmission rate, and  
larger beam angle.

No discolouring of the diffuser over  
time (yellowish diffuser problem of  
conventional edge-lit LED panels).

## STRATUS ECO

The Stratus range of backlit LED panels offers superior light distribution and proven reliability. White painted steel body, backlit LED module with high efficiency optical design and opal diffuser suitable for use in 15 or 24mm standard exposed grid ceilings. The range comprises of Eco and Pro versions, including high lumen output, CCT and IP44 versions. Range of accessories available, see page 59.
