

HAND DRYER
FEISTY COMPACT
 Compact, High Speed

The Feisty compact is a superb all round energy efficient eco hand dryer with a 10 second drying time, a robust stainless steel case and perfect for a vast range of applications such as: Shopping Centres, factories, schools/universities, Restaurants, Pubs/Clubs, and offices.

Economically friendly With the ability to turn off the heating element via a hidden switch behind the casing, the Feisty compact can operate at just 600W making it very energy efficient whilst maintaining its fast drying time.

ADA/ADD compliant meaning the feisty compact can also be used in any disabled washroom, making the decision to have uniform across all washrooms an easy choice.
