

Technical Specification

Product Code: FPBS20403

Description: 3 Gang GridPro® Frontplate

General Information

|                         |                                                                                     |
|-------------------------|-------------------------------------------------------------------------------------|
| Dimensions              | 146mm (W) x 88mm (H) x 1.3mm (D)                                                    |
| Dimensions With Gasket  | 146mm (W) x 88mm (H) x 3mm (D)                                                      |
| Plate Design & Finish   | Define Flat Plate Brushed Stainless                                                 |
| Materials               | Front Plate: Stainless Steel<br>Gasket: Nylon<br>Insert: Urea<br>Fixing Lugs: Brass |
| Plate Fixing Centres    | 120.6mm                                                                             |
| Back Box Depth          | 35mm Minimum                                                                        |
| Operational Temperature | -5°C to +40°C                                                                       |
| Warranty                | 10 Years                                                                            |

|           |               |
|-----------|---------------|
| Standards | BS 5733: 2010 |
|-----------|---------------|

Additional Information

Ensure that the mains supply is isolated before commencing installation and refer to the circuit diagram with the relevant product.  
Bare earth cables must always be covered with appropriate sleeving and wired to the earth terminal.  
No yoke required.

UK Design Registration: 3015621
