

MCB 1P 6kA B-6A 1M

MTN106

Technical Properties

|  |                      |
|--|----------------------|
| Type of pole   | 1 P                  |
| Curve  | B                    |
| Rated short circuit breaking capacity                                  | 6 kA                 |
| Rated current  | 6 A                  |
| Rated operational voltage Ue   | 230/400 V            |
| Top and bottom screw terminals connection capacity with flexible cable | 1/16 mm <sup>2</sup> |
| Top and bottom screw terminals connection capacity with rigid cable    | 1/25 mm <sup>2</sup> |
| Number of modules  | 1                    |
| Rated short circuit breaking capacity 230V 50Hz                        | 6 kA                 |
| Tightening torque  | 2,8Nm                |
| European directive RoHs  | voluntary compliance |
| European directive WEEE  | not concerned        |
