Dimensions	L 80mm	W 80mm	D 19mm
Material	Glass surface	Plastic housing
Working temp.	-20 to + 60°C
Power	2 x AAA batteries| Standby 15uA
Approvals	CE	ROHS

Sync: Switch on via the mains switch. Within 3 seconds, select a Zone-ON button and hold down. Pairing is confirmed when the fitting flashes green. If it does not flash green, try the procedure again.
Unsync: Switch on via the mains switch. Within 3 seconds, select the Zone-ON button that relates to the zone you wish to unsync and hold down. Unsyncing is confirmed when the fitting flashes red. If it does not flash red, try the procedure again.

You can go through the different dynamic modes by pressing **'M'** and adjust the speed by pressing **'S+/S–'.** Hold the Zone-ON button to select the colour white. Select **'S+/S–'** to saturate the solid colours when using the colour wheel. If you are using RGB+CCT products press the **white bar** to change the colour temperature.
